- HTML
- Python

EXPERIENCE

Software Engineer - II

Concentrix Catalyst

03/2024 - Present *Hyderabad, India*

Senior IOS Developer

OOZOU

06/2021 - 03/2024 *Bangkok, Thailand*

Application Development Specialist

Accenture Solutions

12/2018 - 05/2021 *Bangkok, Thailand*

Software Developer

Biipbyte Technologies pvt Ltd

02/2016 - 08/2018 *Bangalore, India*

PROJECTS

MDO (My Doctor Online)

- Maintaining legacy code and add new features for already existing medical application
- Managing MVVM Architecture throughout the app
- Configure and handling CI/CD using Stampede
- Code quality managing
- Handling multiple environments
- Managing Iterations
- Handling bugs

BUMRUNGRAD

- Created IOS app for Bumrungrad hospital by using SwiftUI
- Managing MVVM Architecture throughout the app
- Configure and handling CI/CD using Azure
- Code quality managing
- Handling multiple environments
- Managing Sprints
- Handling bugs
- Responsible for App version release into App Store

Mediums

- Created IOS app for online shopping for pain tool collections
- Managing MVVM Architecture throughout the app
- Code quality managing
- Handling multiple environments
- Managing Sprints
- Handling bugs
- App version release into App Store

BYD (Rever Automative)

- Created IOS app for BYD electric cars booking
- Managing MVVM Architecture throughout the app
- Handling CI/CD using Azure
- Code quality managing
- Handling multiple environments
- Managing Sprints
- Handling bugs
- App version release into App Store

KTB NEXT

- Successfully created **mobile banking app** with MVVM architecture using RxSwift
- Managing and working with remote development teams, possibly across several time zones while still maintaining high quality
- Working knowledge of the agile development process
- Working closely with UX and UI designers to help them understand native mobile applications so that they produce usable designs
- Improved code quality and reusable components
- Maintaining the multiple environments of applications

SCB FastEasy

- Build Successful **mobile banking app** with Clean Architecture using Swift language
- Implemented Unit tests to cover 90% of code
- Reduce the build time of app
- Integrated SwiftGen and Swift Lint for auto generated resources
- Successfully managed the team to deliver massive epics with in time frame
- Participating in tech debt to improve app performance, code quality
- Developing epics before the time frame
  Improving code testing

EDUCATION

B.Tech

Jawaharlal Nehru Technological University

05/2011 - 06/2015 *India*

CERTIFICATIONS

- **Certified IOS Developer**
- **Certified Android Developer**
- **Certified Scrum Master**
- **Certified Python Develop**
